On the first two distances of the Allround Games, the skaters shall be seeded in three groups before drawing, according to their best times of the season, their best times of last season, or their estimated times. The seeding occurs per Age Group or per joined Age Groups.

Drawing at the Masters' International Allround Games will be done according to ISU Rule 244 for Drawing at International Competitions. For drawing, the ISU Rule 244, Paragraphs 3, 4 and 5 apply, as well as ISU Rule 240, Paragraphs 3 and 4.

Neighbored five-year age groups with a small number of participants may be put together for drawing and racing. In these combined groups the age group of each skater will appear behind his/her name in the protocol. However, the ranking will be done separately, in five-year age groups, independent of the number of participants in an age group.

The winner of the four-distance competition in his/her age group is the skater who has completed all distances successfully and has obtained the lowest total of points in his/her five year age group.

8. Recommendation to Competitors

During races, skaters are recommended to overtake other skaters racing in the same lane **only on the outside** (overtaking often takes place in races with quartet starts).

9. Prizes and Results of the Four-Distance Combination

For the four-distance combination, the first three competitors of a five-year age group will be awarded a prize.

All participants who finish all four distances of the competition successfully, without being disqualified, obtain a certificate, a medal and a protocol with the results.

The complete results with lap times, accumulated lap times and end times can be found at the Organizing Committee's web-site.

Every participant will receive a souvenir at the registration (included in the entry fee).
